2. Describe the SELPA regional governance and administrative structure of the local plan. Clearly define the roles and structure of a multi-LEA governing body, or single LEA administration as applicable: [EC 56195.1(b)(1)-(3)(c); EC 56205(a)(12)]

DESCRIPTION OF GOVERNANCE STRUCTURE

[56195.1(c)(1-2), 56205 (a)(12)(A), 56205(a)(12)(D)(ii)]

The San Joaquin County Special Education Local Plan Area (SJC SELPA) has been designated by the California State Board of Education as a SELPA, having met the size and scope requirements delineated by the area State Board. When the SJC SELPA was first established, the governance option selected was that of a multi-district SELPA with the SJCOE serving as the Administrative Unit (AU), and the San Joaquin County Superintendent of Schools as the Superintendent of the AU. Any changes to this governance option must follow the procedures as stated in the Local Plan. In developing and approving a Local Plan, Districts agree to cooperate with the San Joaquin County Office of Education (SJCOE) to assure that the Local Plan is compatible with the other local plans in SJCOE. SJCOE shall review any local plans developed according to EC 56195.3(d). In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to each agency within the Local Plan, or which may be delegated at a later date through agreement of the participating agencies.

The executive structure of the San Joaquin County Special Education Local Plan Area (SELPA) consists of ten District Superintendents and the County Superintendent acting on behalf of eleven governing boards. Collectively, they constitute the SJC SELPA Governing Council, which will be the decision-making body of the consortium, and will meet regularly or at the request of a member. Decisions will be made by a quorum of the attending Superintendents. A majority vote is required for action, and Superintendents may vote in their absence by proxy. In case of a tie, the AU Superintendent shall cast the deciding vote.

The management structure of the SELPA consists of eleven Local Plan Agency Directors, (including the County Director), the Assistant Superintendent/SELPA Director, and such other management positions as may be specified by the SJC SELPA Governing Council. The eleven Directors and the Assistant Superintendent/SELPA Director constitute the Council of Directors (COD), which is responsible for coordinating special education services in the SELPA. The Assistant Superintendent/SELPA Director will administer and implement regionalized services as specified in the Local Plan and pursuant to policies, rules, guidelines, and procedures adopted by SJC SELPA Governing Council.

5. Does the SELPA have policies and procedures that allow for the participation of charter schools in the local plan? [EC 56207.5]

- Yes
- No

If No, explain why the SELPA does not have the policy and procedures.

Introduction

These procedures apply to all charter schools that are authorized by a member LEA of the San Joaquin SELPA and which are operating as a school of the authorizing LEA for purposes of compliance with the Individuals with Disabilities Education Improvement Act (IDEIA) or any charter school petition granted by the State Board of Education (SBE) in which oversight responsibilities have been assigned to an entity within the SELPA (Education Code section 47605.5(k)(2)(E) that will serve as the charter school's LEA for purposes of the IDEIA.

Students enrolled in charter schools are entitled to special education services provided in a like manner to students enrolled in other public schools. Charter schools shall comply with all applicable requirements of state and federal law regarding provision of special education services (Education Code section 56000 et seq., Individuals with Disabilities Education

Section B: Governance and Administration

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

Improvement Act 20 U.S.C. Chapter 33).

A charter school shall not discriminate against any pupil in its admission criteria on the basis of disability. Charter schools are legally required to maintain open enrollment policies and practices that allow students with disabilities to enroll on the same basis and to the same degree as students without disabilities. Children with disabilities applying to or enrolled in charters may not be treated differently from all other students based on their disability. Students, whether disabled or not disabled, may not be “counseled out” or “counseled in” to the charter school program, and the charter school may not otherwise influence an enrollment decision based on the child's disability. Advising families of students with disabilities that they are not allowed to attend or should not attend due to their disability related needs (i.e. education program does not have the services, modifications or accommodations necessary to enable them to attend) is discriminatory and illegal.

A LEA reviewing the petition for the establishment or renewal of a charter school may not refuse to grant the petition solely because the charter school might enroll students with disabilities who reside in a SELPA other than the one in which the LEA is a member (Education Code section 47647). Charter schools should delineate in their petition or a memorandum of understanding (MOU) the entity responsible for providing special education instruction and services. This document should reference any anticipated transfer of special education funds between the authorizing entity and the charter school and any provisions for sharing deficits in funding. This document should affirm, in writing, that the district where the student resides, if different than the authorizing entity, is not responsible for providing special education services to students that are enrolled in the charter school.

Whether and to what extent a charter school may be required to modify or otherwise add to or change its educational programming options to meet the unique needs of a student with disabilities depends on whether the charter school is operating as an LEA for special education purposes or is operating as a school of the authorizing LEA. In general, charter schools that are their own LEAs are solely responsible for providing a free and appropriate public education (FAPE) in the least restrictive environment (LRE) in accordance with their SELPA's Local Plan to all students who are enrolled. Charter schools that are operating as a school of the authorizing LEA will share this responsibility in like manner with other schools in the authorizing LEA, as outlined in the SELPA Local Plan, including schools that may offer specialized or regional programs for students with certain types of disabilities, and in accordance with the terms of any agreement with the LEA governing the specific means of compliance.

Authorizers should require petitioners to articulate their mission explicitly in the charter petition and ensure that the charter school is committed and prepared to offer FAPE to students with disabilities who elect to attend the school. Authorizers should monitor charter schools' admission policies, procedures and practices to ensure that they don't block or discourage enrollment for particular students or groups of students. Authorizers should also monitor the charter school's compliance with federal and state special education laws. SELPA Involvement with Approval and Renewal of Charters Prior to approval or renewal of a charter, the superintendent or designee of the authorizing entity should consult with the SELPA Administrator regarding the sufficiency of assurances in the petition related to the provision of special education services. The petition presented should include assurances that all eligible students enrolled in the charter school will receive appropriate special education services in accordance

with applicable state and federal laws and regulations as well as the SELPA Local Plan. The petition must provide that no student otherwise eligible to enroll in the charter school will be denied enrollment due to a disability or to the charter school's inability to provide necessary services. In compliance with Education Code section 47605, each charter petition must contain a reasonably comprehensive description of the charter school's educational program. These descriptions should include comprehensive descriptions of special education services, including the following:

- The specialized instruction and related services available at the charter school;
- The procedures for ensuring that students are referred, assessed and served in a timely manner;
- Assurance that staff members providing special education services are appropriately credentialed;
- Assurance that charter school will comply with SELPA policies;
- Assurance that the facility used by the charter school does not present physical barriers that would limit an eligible student's full participation in the educational and extracurricular program;
- Assurance that disenrollment, suspension and expulsion policies and procedures afford the protections of federal and state law to special education and 504 eligible students;
- Dispute resolution procedures that will apply to any disputes between educational entities, including the SELPA and its member LEAs, regarding the provision of special education services in the charter school;
- Assurance that the charter school will provide all required data within timelines; for example CALPADS and Maintenance of Effort (MOE);
- Assurance that no student otherwise eligible to enroll in the charter school will be denied nor discouraged from enrollment due to disability or due to the charter school's concerns about its ability to provide appropriate services and that no student enrolled in the charter school will be encouraged to disenroll due to disability or due to the charter school's concerns about its ability to provide appropriate services;
- Assurance that the charter school shall fully inform parents of students with disabilities seeking enrollment in the school of their special education rights and educational options available;
- Assurance that a student with disabilities attending the charter school will have access to special education services in the same manner as a student with a disability who attends another public school within the chartering entity; and
- Assurance that the charter school and its employees will work under the direction of the chartering entity or the SELPA in which the charter school is a member with regard to the delivery of special education services or that the charter school will contract for such services through another entity.

Categories of Charter Schools

Charter schools must comply with the Individuals with Disabilities Education Act (IDEA). The Charter School Act allows charter schools to comply with the IDEA by either operating as a school of its authorizing LEA or participating as an LEA member in a SELPA (EC § 47641, 47646). The decision lies with the charter school, and is made at the time it petitions for a charter. The charter school may apply to change status over time, depending on its charter language.

SELPA Fiscal Year

The degree to which a charter school is responsible for its special education programming and services depends upon whether the charter school is operating as an LEA for special education purposes or is operating as a school of the authorizing LEA. In general, charter schools that are their own LEAs are solely responsible for providing FAPE to students enrolled in the charter school, whereas charter schools that operate as a school of the district have the same responsibilities as individual schools within the authorizing district, as determined by the authorizer and the charter school.

For the purposes of provision of special education services; charter schools shall be deemed either a public school within the authorizing LEA or an LEA that receives funds and provides services independent of the authorizing LEA. All approved charter schools will be deemed public schools within the authorizing LEA until the charter school has been deemed an LEA following these procedures and the SELPA Local Plan. The differences between operating as a school of the LEA, LEA participant in the local SELPA and out of geographic SELPA membership are described below.

A. Public School within a School District or County Office

Charter schools that are deemed to be public schools within the authorizing LEA will participate in state and federal funding in the same manner as other schools or programs within the authorizing LEA. The authorizing LEA will be responsible for ensuring that all children with disabilities as defined in IDEA enrolled in the charter school receive special education and designated instruction and services in a manner that is consistent with all applicable provisions of state and federal law, no matter where the student may reside. The authorizing LEA will determine the policies and procedures necessary to ensure that the protections of special education law extend to students in the charter school in the same manner as students enrolled in other schools or programs administered by the authorizing LEA.

The authorizing LEA will:

- Receive all applicable special education funds. Funds will be allocated in the manner specified by the SELPA allocation plan;
- Represent the needs of the charter school in the SELPA governance structure;
- Be responsible for ensuring that all eligible students enrolled in the charter school are appropriately referred, assessed and served in a timely manner, no matter where the child may live;
- Be responsible for procuring and funding appropriate special education services even though the student may reside anywhere in the state of California; and
- Provide necessary special education services or contract for these services with public or private educational agencies and assume direct liability for all areas of special education at the charter school including serving students who enroll in the charter school, but do not reside in the authorizing LEA, or enter into an agreement with the charter school specifying how such services will be provided and liability therefor.

The authorizing LEA and the charter school may enter into business agreements or contracts whereby the charter school agrees to pay for the excess costs associated with providing special education services to identified students, including the administration of special education programs. When the authorizing LEA is a district, the charter school should be held fiscally responsible for a fair share of any encroachment on district general funds that is created by the provision of special education services throughout the district. The authorizing LEA may not

condition granting a charter on a provision that the charter school must become an LEA.

B. Charter School as an LEA Within The SELPA

A charter school that includes in its petition for establishment or renewal, or that otherwise provides verifiable written assurances that the charter school will participate as an LEA for the purposes of providing special education, may apply to become a member of the San Joaquin SELPA, or another approved SELPA. The charter petition or other written assurances should state that prior to final approval of a request to be deemed an LEA, the charter school will be deemed a public school within the authorizing LEA.

Charter schools that wish to become member LEAs in the San Joaquin SELPA must submit their application on or before November 1 of the school year preceding the school year in which the charter school anticipates operating as a member LEA within the SELPA. The SELPA administrator and/or staff will review the charter school's application and develop a written recommendation within 30 days of receipt of application. Both the applicant and members of the Council of Superintendents will receive copies of the written recommendation at least 10 days prior to the item appearing on an agenda.

The application process for a proposed charter school LEA will be the same as any other LEA wishing to be a member of the SELPA. The SELPA Governing Board will determine whether the charter school has the capacity and intent to meet all requirements of a LEA, provided, however, that all changes to the SELPA Local Plan to add an LEA as a member of the SELPA require the approval of all LEA Governing Boards. Therefore, if the SELPA Governing Board determines (by majority vote of quorum present) that a charter school meets the criteria for LEA membership in the SELPA and upon the instructions of the SELPA Governing Board, the SELPA Administrator shall distribute to all LEA Governing Boards a proposed resolution to amend the LEA Participants section of the SELPA Local Plan. The categorization as a separate LEA will become effective on the first day of the fiscal year (July 1), following final approval by the SELPA Governing Board.

The Council of Superintendents will take action to approve or disapprove the charter school as a member LEA within 60 days of application. If approved, the charter school LEA will become a member effective on July 1 of the school year in which final approval was granted. Prior to final approval and full acceptance as a member LEA, the charter school will continue to be deemed a public school of the authorizing LEA. If disapproved, the SELPA administrator will provide the applicant with a written finding that delineates the reason(s) for disapproval. Once granted membership within the SELPA, the LEA charter school will participate on an equal basis with other members in the governance of the SELPA. A charter school LEA will have equal voting power with non-charter LEAs. Charter schools shall contribute to, participate in, and receive the benefits of reimbursement from all SELPA fiscal pools and participate in any costs in the same manner as other members.

The following documents shall be submitted to the SELPA:

- A copy of the agency's budget which includes an account for special education which is sufficiently large to cover the cost of anticipated services;
- A copy of the Charter, (as amended as appropriate) which sufficiently describes the provision

of special education and related services by the charter LEA;

- A copy of the charter school's liability insurance policy of at least \$1,000,000 per person per occurrence;
- A copy of audit reports for the past two years (if applicable);
- A document that provides income/expense reports for special education programs for the past two years (if applicable);
- A copy of the Dashboard for the school - history of last five years, if available;

A copy of the School Accountability Report Card (SARC);

- A list of credentials for all certificated staff: name, position, credential number, if highly qualified;
- A statement signed by the charter's fiscal official and Governing Board acknowledging the charter's obligation to "search and serve", its obligation to pay the costs of special education whether or not those costs are adequately covered from the charter's SELPA allocation, and assuring that it has adequate fiscal reserves to cover those costs. Costs of special education may include, but are not limited to, instruction, transportation, non-public school/agency placements, inter and intra SELPA placements, due process proceedings, complaints and attorney fees; and
- A copy of the charter school student application materials that reflects that the charter school can and will make available the full range of special education services for students enrolled in the charter school (and that reflects that the charter school does not request or require the submission of student records, including records related to any disability, prior to enrollment in the school).

The applicant charter school will be deemed a member LEA if the Council of Superintendents determines that the charter school has met all requirements to be included as a member LEA of the SELPA as specified in this policy and the Local Plan. These requirements include:

- Provide assurance of an understanding and knowledge of applicable special education laws and regulations;
- Provide a current operating budget in order to assure fiscal responsibility in accordance with Education Code sections 47604.33;
- Provide assurances that all enrolled individuals with exceptional needs have access to appropriate special education programs and services and will receive services in a safe environment;
- Provide assurances that the LEA, through employment or contract, can provide the appropriately credentialed staff necessary to meet federal and state special education mandates;
- Assume responsibility for any legal fees as it relates to the application and assurances process in becoming an LEA;
- Provide assurance that the LEA will follow all applicable SELPA policies and procedures, including but not limited to:
 - o Search and Serve, identification, screening, referral, assessment, instructional planning, placement, implementation and review procedures;
 - o Procedural safeguards;
 - o Regionalized services, program specialists, including excess costs if applicable; and,
 - o Transportation as indicated in student's IEP.
- Abide by placement procedures and funding for students placed in Hospitals, Licensed Children's Institutions, Juvenile Court/Community School programs;
- Assume costs of programs and services, including transportation;
- Use SELPA approved forms in an appropriate manner;

Section B: Governance and Administration

SELPA San Joaquin County SELPA

- Provide all required CALPADS and other SELPA required information/data including Maintenance of Effort (MOE) data required by the federal government;
- Attend SELPA sponsored in-services and trainings and Council of Directors' meetings;
- Place special education students in inter or intra- SELPA programs only with the express consent of the receiving entity and under the condition that the placing entity will be responsible for any excess costs attributable to the placement;
- Accept inter-intra SELPA placements only with agreement between the educational entities. Under such circumstances, the placing LEA will be responsible for any excess costs, including transportation, in accordance with the Local Plan; and
- Indemnify and hold harmless the SELPA and each of the member entities.

Once deemed a member LEA, the charter school, like other member LEAs shall:

- Fully participate in governance of the SELPA in the manner outlined in the SELPA Local Plan;
- Accept all responsibilities of an SELPA LEA in the implementation of the Local Plan;
- Fully comply with policies and procedures outlined in the SELPA Local Plan;
- Contribute to, participate in, and receive the reimbursement from all SELPA fiscal pools and participate in any charge backs in the same manner as other members. Receive state and federal funding for special education in accordance with the SELPA Special Education Funding Allocation Plan;
- Contribute to, participate in, and receive the benefits of Regionalized Services;
- Receive state and federal funding for special education in accordance with the SELPA funding Allocation Plan;
- Receive any available federal funds one year in arrears and calculated based on applicable special education counts;
- Comply with all requirements of state and federal laws and regulations;
- Be responsible for all costs incurred in the provision of special education services, without regard for the location in which the student may reside. These costs may include, but are not limited to, instruction, related services, transportation, nonpublic school/agency placements, inter/intra SELPA placements, due process proceedings, complaints and attorney fees;
- Document that all state and federal special education funds apportioned to the charter school are used for the sole purpose of providing special education instruction and/or services to identified students with disabilities. Such funds shall be used to supplement and not supplant other sources of federal, state and local funds apportioned to charter schools; and

If the approval of a charter school requires a change in the SELPA allocation plan, such change shall be adopted pursuant to the policy making process outlined in the SELPA Local Plan. A request from a charter school to participate in the SELPA will be treated in the same manner as such a request from a school district. If the approval of a Charter School requires a change in the SELPA Local Plan Governance structure, it will be submitted to CDE for approval. If LEA status is not granted, the charter may not become a member of the SELPA, but may reapply in future years.

Out of Geographic or all Charter Membership

A charter school may also apply to participate in a SELPA other than the one in which it is located. The State Board of Education (SBE) allows SELPAs to accept out-of-area charter schools and/or to operate as an all charter SELPA. These geographically distant and all charter SELPAs were created for purposes of providing charter schools with options to become LEA

SELPA San Joaquin County SELPA

members of SELPAs other than the SELPA in which their authorizer is a member. Even if a charter school is a member of a SELPA other than San Joaquin County SELPA, its authorizing LEA continues to have oversight and monitoring roles to ensure the charter school is appropriately serving students.

Revocation of LEA Status

LEA status may be revoked by the SELPA Governing Board for any of the following actions:

- Committed a material violation of any of the conditions, standards, policies or procedures in this policy or the Local Plan;
- Failed to meet generally accepted accounting principles or engaged in mismanagement of special education funds; and
- Violated any provision of state or federal law applicable to the charter school relating to special education. When considering the revocation of LEA status of a charter school, the SELPA Governing Board shall examine the conduct of the charter school in their implementation of special education laws. The decision to revoke may be based on the ability of the charter school to cure and correct violations and/or the charter school's ability to ensure future consistent compliance with all applicable special education laws.

Prior to revocation, the SELPA Governing Board shall notify the charter school of any violation of this policy and give the charter school a reasonable opportunity to cure the violation unless the SELPA Governing Board determines, with written notice that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Throughout this process, the SELPA Director shall work closely with the authorizing LEA. Should an LEA Charter School decide to leave the San Joaquin County SELPA, notice shall be given to the Assistant Superintendent/SELPA Director one day and one year prior to the effective departure date. Since this departure changes the governance structure of the Local Plan, appropriate notice shall be given to CDE.

Charter School Authorized by an LEA Outside the SELPA

When a charter school has no affiliation with an LEA within the SELPA, neither the SELPA nor the local district where the charter school is physically located within the SELPA has an obligation to reach agreement on the provision of special education services. If the charter school is granted a charter by an entity outside the SELPA, the charter school is responsible to work out provision of special education services with the authorizing LEA and related SELPA in order to meet the requirements to provide special education and related services.

Operational and Financial Implications of Changing Charter School Status

The following summarizes the operational and financial implications of a charter school becoming an LEA member of either the San Joaquin County SELPA or an out -of-geographic area SELPA. It also outlines the oversight implications for the SELPA and the authorizing entity.

A. Operational Implications of Changing from a School of the Authorizing Entity to an LEA Member of a SELPA

1. After a charter school is an LEA member of a SELPA, the authorizing LEA:

Section B: Governance and Administration

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

- a. will no longer have any obligation to provide special education placements or services to students enrolled in the charter school, and will no longer be obligated to serve as the charter school's special education provider or funding source;
 - b. will no longer have direct liability for special education issues arising at the charter school or involving charter school students, assuming discharge of proper oversight;
 - c. will retain its legal responsibility to oversee the charter school in general, including its compliance with special education laws, but will no longer have any obligation to fund or provide for such services; and
 - d. may compel the charter school's independent compliance with special education laws.
2. As an LEA, the charter school:
- a. becomes solely and independently responsible for its compliance with all state and federal special education laws, and must make the continuum of program options available to all students enrolled or seeking to enroll in the charter school;
 - b. bears all liability associated with discharging its obligations to students with disabilities who qualify for special education, and gains the responsibility to defend itself when any other complaints involving special education are filed;
 - c. will participate in SELPA governance unless other provisions are approved and have access to SELPA services and support in the same manner as other member districts;
 - d. will use SELPA forms, and operate its special education programs in accordance with SELPA direction;
 - e. will obtain services from the SELPA in the same manner and to the same extent as other member districts of its size; and
 - f. may utilize SELPA or other consultants to assist it in developing appropriate special education programs, procedures, expertise, and building capacity to be responsible for their own special education programming.

B. Financial Implications of Changing from a School of the Authorizing LEA to an LEA Member of San Joaquin County SELPA

- 1. The SELPA will continue to obtain from the State the special education revenue generated by the charter school, but it will pass the funding through to the charter school and not its authorizer.
- 2. The SELPA will allocate special education funding to the charter school, instead of to the authorizing LEA, in accordance with the Local Plan and Allocation Plan. For example, the LEA charter shall:
 - a. receive grant dollars based on its appropriate eligibility determination;
 - b. be responsible for all costs incurred in the provision of special education services. These costs may include, but are not limited to, instruction, services, transportation, nonpublic school/agency placements, inter/intra SELPA placements, due process proceedings, complaints and attorney fees;
 - c. document that all State and Federal special education funds apportioned to the charter school are used for the sole purpose of providing special education instruction and/or services to identified students with disabilities; and
 - d. ensure that special education apportionment is used solely for the purpose of providing special education instruction and/or services to identified students with disabilities.

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

C. Financial Implications of Changing from a School of the Authorizing LEA to an LEA Member of an Out-of-Geographic SELPA

1. When a charter moves to an out of geographic area SELPA, neither the authorizing district nor the local SELPA will be allocated the special education funding generated by charter school ADA. The authorizing LEA's ADA would decrease and each local SELPA member district's special education funding could be decreased proportionately by the departing ADA.
2. The San Joaquin County Assistant Superintendent/SELPA Director is available to meet with LEAs and charter school operators to ensure they understand the above implications and have access to the resources and information needed to discharge special education responsibilities appropriately.

6. Identify and describe the representation and participation of the SELPA community advisory committee (CAC) pursuant to EC Section 56190 in the development of the local plan: [EC 56194(a)(b)(d); EC 56195.9(a)]

COMMUNITY ADVISORY COMMITTEE

[56205(a)(12)(C), 56205(b)(6)]

The SJC SELPA CAC has been established in accordance to EC 56205 (a) (12)(C) and 56205(b)(6) and is comprised of parents of SWDs enrolled in public or non-public schools within the SJC SELPA. The CAC may include pupils (18-22 years of age) and adults with disabilities; general education teachers and parents, special education providers, and other school personnel within the SJC SELPA. It may also include representatives of other public and non-public agencies, and persons concerned with the education of SWDs. The school boards of the participating LEAs shall appoint one member and alternate to the CAC. The SJC SELPA Department shall establish policies and procedures for the operation of the CAC in accordance with the state regulations or CAC responsibilities.

CAC agendas will be posted ahead of time and will follow Brown Act provisions.

The CAC will be advisory to the COD and each member will be responsible to the appointing Board of Education or agency.

1. Procedures for Appointment to the Community Advisory Committee:

a. Recommendations for appointment of parents to the CAC will be solicited by each LEA Director. These recommendations will be presented to their respective governing boards for appointment.

b. Appointment of agency representation will be requested of agency management personnel

by the Assistant Superintendent/SELPA Director or designee.

c. Appointment of general and special education teachers and other school personnel will be solicited by the Assistant Superintendent/SELPA Director or the LEA Directors of Special Education.

2. Responsibilities of the CAC are implemented as follows:

a. Input is solicited from members of the CAC regarding areas to be addressed in the Local Plan. Once the Local Plan has been developed, it is presented to the CAC for review and comment at least 30 days prior to the submission of the Local Plan to the SJC SELPA Governing Council.

b. At the time initial input is solicited, members of the CAC may provide recommendations for prioritizing services.

c. Members of the CAC are encouraged to provide suggestions for parent education activities. Also, members are encouraged to participate in parent education activities and to recruit individuals who might assist in the implementation of the Local Plan.

d. Members of the CAC are encouraged to discuss all aspects of the Local Plan in the community. Information is made available to them so they can become a resource to the community.

e. Information about various special needs and agencies available to assist individuals with these needs are made available to members of the CAC. Members are encouraged to be supportive of families and SWDs and to support and participate in activities on their behalf.

f. Members of the CAC are encouraged to make regular meeting attendance a high priority.

g. Members of CAC are a liaison of the LEA or represented agency and are responsible for reporting back the priorities and education activities related to the Local Plan.

The role of the CAC in the development of the Local Plan is advisory in nature. The Assistant Superintendent/SELPA Director will provide a draft of the modified Local Plan and provide the Chairperson of CAC an opportunity to review and provide input regarding recommended changes. The Chairperson will be provided a copy of the Local Plan draft 30 days prior to submission to the SJC SELPA Governing Council so that they have ample time to solicit input from the other members of CAC so that they can provide such input to the Assistant Superintendent/SELPA Director. The CAC is given no approval responsibilities by statute; responsibilities are advisory in nature.

7. Describe the SELPA's process for regular consultations regarding the plan development with representative of special education and regular education teachers, and administrators selected by the groups they represent and parent members of the CAC: [EC 56205(a)(12)(E); EC 56205(b)(7)]

SELECTION OF REPRESENTATIVES FOR DEVELOPMENT OF THE LOCAL PLAN

[56195.3]

The Local Plan is developed and updated cooperatively by a committee of representatives of special and general education teachers and service providers, public agencies, and administrators and representatives of charter schools selected by the groups they represent and with participation by the chair of the CAC to ensure adequate and effective participation and communication. Teacher and service provider participants shall be selected by their peers. General education and special education administrators shall be selected by the representative superintendents. Directors of charter schools shall be requested to select a representative to serve on the Local Plan committee.

The Assistant Superintendent/SELPA Director will meet with this group 3 times to allow for multiple readings and an opportunity to provide input regarding the content of the Local Plan prior to submission to the COD and the SJC SELPA Governing Council for approval.

8. Identify and describe the responsible local agency (RLA), Administrative Unit (AU), or other agency who is responsible for performing tasks such as the receipt and distribution of funds, provision of administrative support, and coordination and implementation of the plan: [EC 56836.01(a)(b); EC 56205(a)(12)(D)(ii); EC 56195(b)(3); EC 56030]

DISTRIBUTION OF SPECIAL EDUCATION RESOURCES TO LEAs

[56205(b)(1)(A-G), 56836.05(b)]

AB602 Funding

- Special Education funding will be allocated by the State Department of Education to the AU of the San Joaquin County SELPA. Other revenue received due to county programs serving districts students such as LCFF county program transfer, Special Education portion of County taxes and county programs portion of federal grants, such as IDEA RS 3310 and RS 3315, will

Section B: Governance and Administration

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

be used to reduce the total AB 602 funds required to fully fund county programs. The remaining AB 602 revenue received after fully funding county programs will be distributed based upon each district's pro rata share of total SELPA funded ADA. The Council of Directors shall recommend the distribution of funding based on dollars available, utilization of dollars in each of the districts, and requests for any LEA to operate programs. This process allows for the reallocation of funding when necessary and for addressing recapture of funding should the SELPA experience declining enrollment. The final decision regarding the allocation plan shall be made by the Council of Superintendents.

- Preliminary data gathering will take place after the October Census date. Priorities for additional regionalized classes will be set in January. All fiscal recommendations will be sent to the Council of Superintendents for review and action.
- The annual Budget Plan and Service Plan shall be adopted at a public hearing held by the Council of Superintendents.
- The Council of Directors shall recommend the allocation of funding for instructional personnel including any growth proposals at their February Meeting.
- Funding will then be allocated by the AU directly to the districts based on decisions made pursuant to the process described herein.

Transportation

- The district of residence has the financial responsibility for transporting all its students.
- The allocation of cost is determined by taking the total rides divided by total possible days to ride during that period. The calculation total results in how many total "Riders" took the bus. This number is the adjusted by LCI/FFH. There are two pieces of the total cost at the county, one is bus rider salary/benefits and the other is contracts. These two get added together to create a total cost. Then it is reduced by the county transportation apportionments to give a total cost that districts will have to pay. The total cost after revenue received via apportionment is divided by total adjusted riders to provide a cost per rider. The per rider cost is multiplied by total number of riders at each district to determine districts cost.
- The 95% of the costs are distributed via journal in April of the current year. Current liabilities are set up at the end of the year and after SJCOE has completed the audit, final costs are distributed to district in January of the following fiscal year.
- Should a student be transported by an agency other than the district of residence, and should the cost exceed the apportionments and other funds received for such services by the providing agency, the district of residence shall reimburse the providing agency its prorated share of the excess costs.

RS/PS Dollars

- Regionalized service funds shall be allocated to the AU for operation of regionalized services specified in Education Code 56220(c). Should the cost of regionalized service exceed the apportionments and other funds received for such services, such excess costs will be prorated to each district based on its most recent unduplicated special education pupil count.

Pass Thru (RS 3310/RS 3315)

- The audit trail of utilization of federal pass-through funds shall be maintained by setting up a

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

separate budget. These revenues will be distributed based on pro-rata share of district PY pupil count per district including County Programs based on data collected at October Census Day. The Assistant Superintendent/SELPA Director or designee prepares the annual reports based on actual expenditure information.

SELPA Staff Development for Districts

- The staff development committee of the SELPA shall prepare the annual plan for staff development based on yearly needs assessments. The SELPA staff shall prepare the staff development budget based on recommendations from the Council of Directors regarding the utilization of state personnel development funds.

Low incidence

- Funds shall be maintained in a budget of the SELPA.
- Based on IEP justification that the equipment requested will promote the least restrictive environment for the student and minimize the necessity for service on an isolated site, a district may request an expenditure of funds for equipment with a written request presented to a Low Incidence Committee for approval. Upon approval, the equipment is purchased by the SELPA office.
- AB 605 allows students who need assistive technology when transferring from one LEA to another to have access to that assistive technology provided by the first LEA for a period of two months during the transition period.

Funding Changes Process

- Changes in funding distribution shall be recommended by the Council of Directors to the Council of Superintendents. Changes in budget allocation will be reflected on the reporting documents required by the California Department of Education of the appropriate district(s). All budgets, district, and county, are approved at public meetings.
- Proposed changes by an LEA that would impact another LEA's budget or program(s) shall be presented to the Council of Directors for discussion in accordance with the "Changes Calendar" developed by the Council of Directors. Items on this calendar shall include, but need not be limited to, (1) changes in service being provided by an LEA, (2) changes in facility needs, (3) programming requests, and (4) proposed excess costs. The calendar shall also delineate when recommendations from the Council of Directors shall be presented to the Council of Superintendents for action. Proposed changes by an LEA must be submitted to the Council of Directors by January of the fiscal year prior to implementation.

Cost exceeding allocation

- The district of residence has the financial responsibility for program costs for all its students. Should a student be educated by an agency other than the district of residence, and should the programming costs exceed the apportionments and other funds received for such services by the providing agency, the district of residence shall reimburse the providing agency its prorated share of the excess costs.

[56195.1(b)(2), 56205(a)(12)(D)]

The SJC SELPA Governing Council and the COD will each meet regularly, with each LEA or LEA designee representing one vote. The decision-making process regarding all aspects of the Local Plan, including responsibility, access to program, and changes in the delivery system will be as follows:

The COD will initiate agenda items. These items will be presented at meetings for discussion, review and development of recommendations by vote of majority. The recommendations will be sent to the SJC SELPA Governing Council for review and action. Action of the SJC SELPA Governing Council is final unless an item is referred back to the COD for additional review and recommendations.

Each LEA Superintendent will approve at a SELPA public hearing the Annual Budget plan, Annual Service Plan, Annual Assurances Support Plan, the governance structure, and the Certification Participating form. These documents and certifications will serve as the basis for the operation and administration of special education programs operated. By signing off on the above- mentioned certifications, the districts represented agree to meet all applicable requirements of special education State and Federal laws and regulations and State policies, and procedures. The LEA Superintendent shall administer the local implementation of policies, procedures, and practices in accordance with special education state and federal laws and regulations which will ensure full compliance.

The current Local Plan—Governance and Administration, Annual Assurances Support Plan, Annual Budget Plan, and Annual Services Plan, including updates or revisions to the Local Plan will be posted upon approval by the SJC SELPA on each LEA and the SJCOE's website. SELPA San Joaquin County SELPA

Fiscal Year 2023-24

[56195.1(c)(1-2), 56205 (a)(12)(A), 56205(a)(12)(D)(ii)]

The San Joaquin County Special Education Local Plan Area (SJC SELPA) has been designated by the California State Board of Education as a SELPA, having met the size and scope requirements delineated by the area State Board. When the SJC SELPA was first established, the governance option selected was that of a multi-district SELPA with the SJCOE serving as the Administrative Unit (AU), and the San Joaquin County Superintendent of Schools as the Superintendent of the AU. Any changes to this governance option must follow the procedures as stated in the Local Plan. In developing and approving a Local Plan, Districts agree to cooperate with the San Joaquin County Office of Education (SJCOE) to assure that the Local Plan is compatible with the other Local Plans in SJCOE. SJCOE shall review any local plans developed according to EC 56195.3(d). In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to each agency within the Plan, or which may be delegated at a later date through agreement of the participating agencies.

The executive structure of the San Joaquin County Special Education Local Plan Area (SELPA) consists of ten District Superintendents and the County Superintendent acting on behalf of eleven governing boards. Collectively, they constitute the SJC SELPA Governing Council, which will be the decision-making body of the consortium, and will meet regularly or at the request of a member. Decisions will be made by a quorum of the attending Superintendents. A majority vote is required for action, and Superintendents may vote in their absence by proxy. In case of a tie, the AU Superintendent shall cast the deciding vote.

The management structure of the SELPA consists of eleven Local Plan Agency Directors, (including the County Director), the Assistant Superintendent/SELPA Director, and such other management positions as may be specified by the SJC SELPA Governing Council. The eleven Directors and the Assistant Superintendent/SELPA Director constitute the COD, which is responsible for coordinating special education services in the SELPA. The Assistant Superintendent/SELPA Director will administer and implement regionalized services as specified in the Local Plan and pursuant to policies, rules, guidelines, and procedures adopted by the SJC SELPA Governing Council.

The SJCOE is designated as the Administrative Unit (AU) for the SJC SELPA. It shall be responsible for, but not limited to, the following functions:

1. Receipt and distribution of special education funds to district accounts for the operation of special education programs and services.
2. Receipt and distribution of special education funds to accounts exclusively designated for SELPA use.
3. Employment of staff to support SELPA functions.

POLICY

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

It shall be the policy of this LEA that all children with disabilities residing in the State, including children with disabilities who are homeless or are wards of the State and children attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services are identified, located and evaluated. A practical method is developed and implemented to determine which students with disabilities are currently receiving needed special education and related services.

It shall be the policy of this LEA that a reassessment of a student with a

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

disability shall be conducted at least once every three years or more frequently, if appropriate.

It shall be the policy of this LEA to provide instructional materials to blind students or other students with print disabilities in a timely manner according to the state adopted National Instructional Materials Accessibility Standard.

Note: Education Code 56300 and 34 CFR 300.111 require each district, Special Education Local Plan Area (SELPA), or the SJCOE to actively seek out all residents from birth to age 21 (not “through” age 21) who have disabilities as defined by Education Code 56026. The district, SELPA, or the SJCOE is also required to include a “child find” process to identify children with disabilities placed by their parents/guardians in private schools. See the SJCOE Policy – Students with Disabilities Enrolled by Their Parents in Private Schools.

Note: Identification, evaluation, assessment, and instructional planning procedures for children younger than age three must conform with Education Code 56320; 56425-56432 and the California Early Intervention Services Act (Government Code 95000-95029). The California Department of Education and local education agencies are responsible for providing early intervention services to infants and toddlers who have visual, hearing, or severe orthopedic impairment; the Department of Developmental Services and its regional centers must provide services to all other eligible children in this age group. Government Code 95014 also requires regional centers and local education agencies to coordinate family service plans for infants and toddlers and their families. Education Code 56441.11 sets forth eligibility criteria for preschool children ages three to five.

The Governing Board recognizes the need to actively seek out and evaluate district residents from birth through age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

Note: Education Code 56301 mandates that districts, SELPAs, or county offices have policies and procedures for a continuous "child find" system which addresses the relationships among identification, screening, referral, evaluation, planning, implementation, review, and triennial assessment.

Note: Pursuant to Education Code 56302.5, the term "assessment" as used in state law has the same meaning as "evaluation" provided in 20 USC 1414, the federal Individuals with Disabilities Education Act (IDEA)

SELPA San Joaquin County SELPA

and accompanying federal regulations. The following policy and administrative regulation use the phrase interchangeably.

The Superintendent or designee shall develop processes to determine when an individual is eligible for special education services and shall establish systematic procedures for special education program identification, screening, referral, assessment, planning, implementation, review, and

triennial assessment, (Education Code 56301) as well as procedures for the planning, implementation and review of the education and related services provided to such individuals. The district's process shall prevent the inappropriate disproportionate representation by race and ethnicity of students with disabilities.

The district's identification procedures shall include systematic methods for utilizing referrals from parents/guardians, teachers, agencies appropriate professionals, and other member of the public and shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (Education Code 56302)

The Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the district's procedures for initiating a referral for assessment to identify individuals for special education services. INDIVIDUALIZED EDUCATION PROGRAM

It shall be the policy of this LEA that an Individualized Education Program (IEP) or an Individualized Family Service Plan (IFSP) is developed, reviewed and revised for each child with a disability who requires special education and related services in order to benefit from his/her individualized education program. It shall be the policy of this LEA that a review of an IEP will be conducted on at least an annual basis to review a student's progress and make appropriate revisions.

The Governing Board desires to provide educational alternatives that afford students with disabilities full educational opportunities. Students with disabilities shall receive a free appropriate public education and be placed in the least restrictive environment which meets their needs to the extent provided by law.

The Superintendent or designee shall develop administrative regulations regarding the appointment of the individualized education program (IEP) team, the contents of the IEP, and the development, review, and revision of the IEP.

Note: Education Code 56055 provides that a foster parent, to the extent permitted by federal law, shall have the same rights relative to his/her foster child's education as a parent/guardian. Education Code 56055 clarifies that this right applies only when the juvenile court has limited the right of a parent/guardian to make educational decisions on behalf of his/her child and the child has been placed in a planned permanent living arrangement. Education Code 56055 defines "foster parent" as a licensed person, relative caretaker, or non-relative extended family member.

POLICY

PUPIL TRANSPORTATION/TRANSPORTATION FOR STUDENTS WITH DISABILITIES

Note: Pursuant to the federal Individuals with Disabilities Education Act (IDEA) (20 USC 1400-1487) and Section 504 of the federal Rehabilitation Act of 1973 (29 USC 794), districts are required to provide bus service to students with disabilities equivalent to that provided for students without disabilities. However, if a district charges transportation fees, the State Board of Education recommends, in Program Advisory LO:2-95, that Boards exempt from the fee only those “handicapped”/special education students served under the IDEA whose individualized education program (IEP) requires that transportation be provided. This policy and administrative regulation reflect the interpretation offered in that advisory.

The Governing Board shall ensure that appropriate transportation services are provided for students with disabilities as specified in their individualized education program (IEP) or accommodation plan. The district shall make

Note: Federal regulations (34 CFR 104.4) provides that no qualified disabled person shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination under any program or activity which receives or benefits from federal financial assistance.

The Superintendent or designee shall arrange transportation schedules so that students with disabilities do not spend an excessive amount of time on buses compared to other students. Arrivals and departures shall not reduce the length of the school day for these students except as may be prescribed on an individual basis.

The Superintendent or designee shall establish procedures to ensure compatibility between mobile seating device when used and bus securement systems and shall ensure that bus drivers are trained in the proper installation of mobile seating devices.

State and federal law require that transition services are included in a student's IEP by the time the student turns sixteen (16). Determining transition services is a collaborative task for the entire IEP team including the student and parents.

The core post-secondary goals (outcomes) that must be addressed in the transition plan include:

Transition activities/services are to be documented in the “Transition Activities” section of the IEP and the accommodation/modifications or services section as appropriate. Transition planning for students with disabilities age 16 and above is designed to provide exploratory activities including developing a sense of self-awareness and self-determination. Activities involve identifying interests, strengths, and preferences by using interest inventories, transition-planning profiles, interviews, and formal assessments to begin the process of student-centered transition planning.

The site administrator/case manager must adhere to the following guidelines to ensure that a student's Individualized Transition Plan (ITP) has been completed by the time he or she turns 16. The Case Manager shall monitor the IEP annually to ensure that an IEP/ITP meeting is convened before the student turns 16. Assessments at this age are both formal and informal and embedded throughout instruction provided by a teacher. An assessment plan must be created by Special Education staff and then signed by parent or guardian before any formal assessments take place. The IEP Team can determine a transition plan is appropriate earlier than 16.

EDUCATIONAL BENEFIT

Introduction:

The case of Rowley v. Hendrick Hudson School District was the U.S. Supreme Court's first interpretation of what was then called the Education for All Handicapped Children Act (now the Individuals with Disabilities Education Act, "IDEA"). The holdings in the Rowley case have become the standard of analysis for every subsequent special education case arising in the Federal and State courts. Consequently, a working knowledge of the fundamental analysis developed by the Supreme Court justices is important when evaluating any special education matter. The Board of Education v. Rowley 1982, was decisive in our understanding today of the term educational benefit. Ultimately after lower court decisions and appeals, the U.S. Supreme Court concluded that the IDEA does not require that States maximize the potential of students with disabilities. The intent of IDEA was more to open the door of public education to handicapped children rather than to guarantee any particular level of education once inside.

The case of Endrew F. Douglas County (2017) re-established the requirements of Rowley but emphasized that the individualized education program must be "reasonably calculated to enable a child to make progress appropriate in light of the child's unique circumstances" and further emphasized the importance of consistent progress monitoring against her/his ability and not that of peers. While Endrew F does not change the standard, it does change how we are looking at and showing progress. There should be a DIRECT link between areas of need identified in present levels of information and goals developed.

Endrew F established an even stronger need to maintain extensive documentation of solid baselines, measureable goals, and progress made in

relation to the child's unique circumstances and regularly communicate such progress with parents/guardians. Students should make appropriate progress, but schools do not need to provide the "best possible" services. Frequent family communication and collaboration is essential to help families understand their child's needs.

FAPE and LRE become our guideposts decided and analyzed individually to ensure the child is receiving a basic floor of opportunity and "educational benefit."

Free Appropriate Public Education (FAPE) means special education and related services that:

- are provided at public expense
- meet the standards of the State
- include pre-school, elementary or secondary school and education through 22nd birthday
- is provided in conformity with the IEP

FAPE Standard

The Supreme Court established two criteria in determining FAPE

- have the procedures been adequately complied with (compliance) and
- is the IEP reasonably calculated to enable the child to receive **educational benefit**

Core Entitlements for Children with Disabilities

- a right to FAPE
- in the Least Restrictive Environment (LRE)
- as described in the IEP designed to provide "**educational benefit**"

Importance of Educational Benefit

Implicit in the congressional purpose of providing access to a "free appropriate public education" is the requirement that the education to which access is provided be sufficient to confer some educational benefit upon the disabled child. It would do little good for Congress to spend millions of dollars in providing access to a public education only to have the disabled child receive no benefit from education.

Rowley Standard

Special educators should take special notice of the Rowley case, as it is still good law and it acts as the blueprint for all cases to follow. **The two Rowley questions emphasizing procedural compliance and the benefits of the IEP**

Description:

should be committed to memory. Finally, the focus of the decision on what is “appropriate” for special education students should be given special emphasis, especially in light of the social emphasis on “inclusion” in recent years.

IDEA (Individuals with Disabilities Education Improvement Act) of 2004 gave us further conceptual refinements:

- high expectations for all children
- ensuring access to the general education curriculum and standards in the general classroom, to the maximum extent possible
- preparing children with disabilities to lead productive and independent adult lives
- providing effective transition services to promote successful post-school employment or education.

So, while we know and understand the above concepts, it is critical that we analyze what we are doing over time for individual children to truly measure educational benefit. It is not just a snapshot at the time of a single IEP meeting. In a nutshell, analyze what did assessments/present levels say about needs, what goals, supports & services were agreed to in response to identified needs, was the IEP implemented and did the student make progress or gain educational benefit. True analysis looks back through years or the span of time between triennials.

EDUCATIONAL BENEFIT ANALYSIS

In preparation for an annual IEP meeting

Review the following points related to the previous IEP.

- 1) What did assessments in all areas of suspected disability and present levels identify as areas of need? Were individual strengths and interests of student in relation to participation and progress in general curriculum described?
- 2) What did the IEP team decide was appropriate in relation to each need?
 - English Learner?
 - Disproportionality?
 - Goals?
 - Services?
 - Accommodations/Modifications/Supplementary Services
 - Special factors (AT, Behavior Support, Low Incidence needs)?
 - Services and supports allowing the student to be educated with typically developing peers and having access to general education curriculum to the maximum extent possible

- Other?

3) Was the IEP implemented appropriately? (were all supports as services provided as written)? Was there a measurable description of the students' response to academic instruction in the areas of identified need?

4) Did the child make adequate progress? Are services and supports structured in such a way as to move a student towards his/her levels of independence? Did they receive educational benefit from the plan?

5) If not, what adjustments need to be made to the IEP contents to respond to lack of educational benefit? Additional assessment? Adjusted goals? Different services or level of services? Change in location where services are being delivered? (See "Educational Benefit Review Process" chart)

The Educational Benefit Review process is directed toward answering the following questions (see SESR worksheets VR & 2a):

1. Is the Assessment complete and does it identify the student's needs?
2. Does the present level of performance include all of the needs identified in the assessment including behavioral, social, emotional, functional, vocational, special factors, English learner?
3. Are all of the student's educational needs addressed by appropriate goals and objectives?
4. Do the services support the goals and objectives including English learners, where appropriate?
5. Did the student make yearly progress inclusive of grades and standardized test scores?
6. If the student did not make progress, were the goals and objectives changed in the next IEP to assist the student to make progress?
7. If the student did not make progress, were the services changed in the next IEP to assist the student to make progress?
8. Were sufficient services provided to ensure that the student would make progress?
9. **To assess for overall compliance:** Considering the answers to each of the above, was the IEP reasonably calculated to result in educational benefit?

Reasonable Calculation of Educational Benefit

1. The IEP Team identified needs related to:
 - a. The student's ability; and
 - b. Involvement and progress in the general curriculum.
2. Goals and objectives were established in each need area.
3. Services were planned to support:
 - a. Progress toward goals;

- b. Progress in the general curriculum;
 - c. Participation in extracurricular and other nonacademic activities; and
 - d. Education with other disabled and non-disabled students
4. The IEP Team reviewed the student's progress and adjusted the student's IEP if progress was not made and/or to address anticipated needs.

The question of how to deal with students who are not capable of obtaining passing grades under any circumstances is not clearly answered by the Supreme Court in Rowley. However, the footnotes make reference to the required full continuum of alternative settings and the need for some students to be placed in settings other than the mainstream. It is clear, especially in light of decisional case law subsequent to Rowley, that when a child is placed in a more restrictive setting, the decision must be driven by the unique needs of the student and not by administrative convenience or other factors.

Educational Benefit Analysis Over Time

We should be preparing for every annual review with this analysis. When done over a period of years, you have a comprehensive analysis and rationale for the IEP team recommendations over time. Assuming the IEP is implemented fully and in compliance, you then have a long term record of the success of a carefully planned and implemented special education program for the student. This process provides proof positive of individual educational benefit.

When San Joaquin SELPA districts participate in the state required Special Education Self Review (SESR) conducted periodically, a three year analysis or look back doing this educational benefit analysis is part of the review for several student records. Additionally, when individual districts are selected for State required Verification Reviews which includes CDE participation, the same educational benefit analysis is conducted on student files by CDE.

In Summary

Our programming for students should be analytical, thoughtful and consistently designed based on individual assessed needs and the growth made from one IEP to the next. When you read an IEP you should be able to track threads through the document. Assessment report data should be visible in present levels. Needs should be visible in present levels. Services/supports and goals should be chosen and designed in response to specific, identified needs, and measurable growth should result. The result of this process over time is **EDUCATIONAL BENEFIT.**

SUPPLEMENTATION OF STATE AND FEDERAL FUNDS

It shall be the policy of this LEA to provide assurances that funds received from Part B of the IDEA will be expended in accordance with the applicable provisions of the IDEA; will be used to supplement and not to supplant state, local and other Federal funds.

Allocation Plan: Revenue and Expenses

State and federal revenues received by SJC SELPA are equitably allocated to LEAs using the adopted revenue distribution process. The SJC SELPA funding allocation plan ensures that cost effective services are available for all students within the SELPA. The Local Plan does not create an incentive to place students in special education programs. The Local Plan accommodates growth and decline by individual LEAs and the addition of other special education program providers such as charter schools.

LEAs acknowledge that state and federal revenues shall not cover the total costs of special education services. The prior year use of services and the current year SELPA- wide funding is the basis for budgeting. The Local Plan reflects the actual costs of services used by students in County program. Each LEA is responsible for paying for services provided to their students through their federal, state, and local revenues. Some services, as noted in the allocation plan, are paid for by all LEAs who are a part of the Local Plan.

The SELPA office prepares and distributes state and federal funds according to the SJC SELPA adopted plan.

Accessibility Standard.

Note: Education Code 56300 and 34 CFR 300.111 require each district, Special Education Local Plan Area (SELPA), or county office of education to actively seek out all residents from birth to age 21 (not “through” age 21) who have disabilities as defined by Education Code 56026. The district, SELPA, or county office is also required to include a “child find” process to identify children with disabilities placed by their parents/ guardians in private schools. See San Joaquin County Office of Education Policy – Students with Disabilities Enrolled by Their Parents in Private Schools.

Note: Identification, evaluation, assessment, and instructional planning procedures for children younger than age three must conform with Education Code 56320; 56425-56432 and the California Early Intervention Services Act (Government Code 95000-95029). The California Department of Education and local education agencies are responsible for providing early intervention services to infants and toddlers who have visual, hearing, or severe orthopedic impairment; the Department of Developmental Services and its regional centers must provide services to all other eligible children in this age group. Government Code 95014 also requires regional centers and local education agencies to coordinate family service plans for infants and toddlers and their families. Education Code 56441.11 sets forth eligibility criteria for preschool children ages three to five.

The Governing Board recognizes the need to actively seek out and evaluate district residents from birth through age 21 who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

Note: Education Code 56301 mandates that districts, SELPAs, or county offices have policies and procedures for a continuous "child find" system which addresses the relationships among identification, screening, referral, evaluation, planning, implementation, review, and triennial assessment.

Note: Pursuant to Education Code 56302.5, the term "assessment" as used in state law has the same meaning as "evaluation" provided in 20 USC 1414, the federal Individuals with Disabilities Education Act (IDEA) and accompanying federal regulations. The following policy and administrative regulation use the phrase interchangeably.

The Superintendent or designee shall develop processes to determine when an individual is eligible for special education services and shall

The district's process shall prevent the inappropriate disproportionate representation by race and ethnicity of students with disabilities.

The district's identification procedures shall include systematic methods for utilizing referrals from parents/guardians, teachers, agencies appropriate professionals, and other member of the public and shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (Education Code 56302)

The Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the district's procedures for initiating a referral for assessment to identify individuals for special education services. A description of the process by which the SELPA will fulfill the obligations to provide free and appropriate public education (FAPE) to a student age 18 to 21 (or age 22 under the circumstances described in *EC 56026(c)(4)*) who has been incarcerated in a county jail and remains eligible for special education services:

The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability. (*EC Section 56040*)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the DOR is based on the residence of the conservator. (*EC Section 56041*)

Administrative Regulation

Free Appropriate Public Education

Every individual with exceptional needs who is eligible to receive special education instruction and related services under the Individuals with Disabilities Education Act (IDEA) and state special education laws, shall receive that instruction and those services at no cost to his/her parents or, as appropriate, to him or her. A Free Appropriate Public Education (FAPE) shall be available to individuals with exceptional needs in accordance with Section 1412(a)(1) of Title 20 of the United States Code and Section 300.101 of Title 34 of the Code of Federal Regulations.

Eligible Adults

Adults who are age 18 through 22 years, who have not graduated with a high school diploma, who at the time they turned 18 years were identified as an individual with exceptional needs and had an individualized education program (IEP) under the IDEA, are also entitled to a FAPE (hereinafter, "eligible adults"). (See 20 U.S.C. § 1400 (d) (1) (A), (B), (C); U.S.C. § 1412(a) (1) (A) ; Education Code, § 56000, 56040 (b).) This applies to adults incarcerated in California adult jails and prisons.

However, an individual aged 18 through 22 years, who, in the educational placement prior to his/her incarceration in an adult correctional facility was not identified as an individual with exceptional needs or did not have an IEP under the IDEA, is not entitled to a FAPE. (20 U.S.C. § 1412 (a) (1) (B); Education Code, § 56040(b).)

Child Find

For eligible adults who prior to reaching the age of majority resided within the SJC SELPA geographic boundaries, the applicable local educational agency (LEA) within the SELPA shall ensure they have a FAPE available to them. Generally, the district of residence (DOR) responsible for providing special education and related services to pupils between the ages of 18 to 22 years, inclusive, shall be assigned, as follows: (a) For non-conserved pupils the last district of residence in effect prior to the pupil's attaining the age of majority shall become and remain as the responsible local educational agency, as long as and until the parent or parents relocate to a new district of residence. At that time, the new district of residence shall become the responsible local educational agency. (b) For conserved pupils, the district of residence of the conservator shall attach and remain the responsible locational educational agency, as long as and until the conservator, relocates or a new one is appointed. At that time, the new district of residence shall attach and become the responsible local educational agency. (Education Code § 56041)

Provision of Service

Once SELPA or the responsible LEA is informed that an eligible adult in an adult correctional facility, the responsible LEA will determine whether the eligible adult requests to receive FAPE. Once the request has been made, the responsible LEA shall review and revise the IEP as necessary, subject to the cooperation of the correctional facility where the eligible adult is located. The eligible adult must consent to the receipt of such services in order to receive said services while incarcerated.

SELPA San Joaquin County SELPA

Fiscal Year 2023-24

The responsible LEA will determine within 30 days of eligibility notification whether the qualified individual requires a FAPE. And if so, the LEA will ensure that the qualified individual is provided a Free Appropriate Public Education (FAPE) pursuant to the IDEA and corresponding California special education law. To receive special education services while incarcerated, the student must consent to the receipt of such services such as but not limited to transition services, specialized academic instruction and other services as determined by the IEP team. The student may revoke their consent for special education services at any time.

Limitations

The following special education requirements do not apply to eligible individuals who are convicted as adults under State law and incarcerated in adult prisons:

The requirements set out in 20 U.S.C. § 1412(a) (16) and 20 U.S.C. § 1414(d)(1)(A) (i) (VI) relating to participation in general assessment) do not apply. Eligible individuals convicted as adults under State law and incarcerated in adult prisons are exempted from participation in State and district-wide assessment programs under the IDEA.

1. The requirements of items (aa) and (bb) of 20 U.S.C. § 1414(d) (1) (A) (i) (VIII) (relating to transition planning and transition services), do not apply with respect to such individuals whose eligibility under the IDEA will end, because of their age, before such individuals will be released from county jail.
2. If an individual with a disability is convicted as an adult under State law and incarcerated in an adult county jail, the individual's IEP team may modify the individual's IEP or placement notwithstanding the least restrictive environment (LRE) requirements of 20 U.S.C. § 1412(a)(5)(A) and the IEP contents requirements of 20 U.S.C. § 1414(d)(1)(A) if there is a bona fide security or compelling penological interest that cannot otherwise be accommodated.

An individual who was not identified as a student with exceptional needs or did not have an IEP under IDEA in the educational placement prior to his/her incarceration in an adult correctional facility is not entitled to a FAPE.

Adults (aged 18-22 years) incarcerated in California adult jails and prisons are entitled to a Free Appropriate Public Education (FAPE) if
