

Foundation Mission

Mission Statement:

To link public schools with businesses, individuals, civic organizations in student centered programs which enhance self-esteem, achieve academic excellence, teamwork, and good citizenship as well as increase community input for involvement with, and support of public education.

Goals:

- To generate support for diverse programs that encourages students to become involved in positive activities at school and within the larger community.
- To identify and develop programs and activities that appeal to the unique interests of the diverse student populations in our community.
- To provide opportunities for students to participate in activities that will enhance their personal growth and sense of self-worth.
- To support programs and activities that strengthens the relationships between the schools and community to meet the needs of youth.
