Addendum 1

Addendum to Extend Pre-Qualification Application Submission Deadline

This is an addendum to the pre-qualification application timeline as outlined in our previous communications. Specifically, we would like to extend the submission period for the first occurrence to April 10, 2024, in order to accommodate the needs of our stakeholders and ensure a robust pool of qualified contractors for upcoming projects.

The revised timeline for pre-qualification application submissions will now be as follows:

First Occurrence Submission Period: February 12 through April 10, 2024

Second Occurrence Submission Period: November 1 through November 10, 2024

All other terms and conditions regarding the submission process and notification timeline remain unchanged. Contractors who submit complete pre-qualification packages during the extended first occurrence period will receive notification of their qualification status no later than ten business days after submission.

We look forward to your prompt response and continued collaboration.
