California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mrs. Janine Kaeslin, Assistant Superintendent

 Principal, one.Charter

About Our School

one.Charter staff have worked hard to improve student achievement and success in the classroom. Teachers are able to celebrate their accomplishments including increased enrollment and attendance at the new Come Back Kids program in both the south and north County, mentoring new teachers at the various sites (5 new teachers to the one.Charter program this year!), learning the new parent portal and gradebook program-Illuminate, completing Accusess testing (beginning and mid-year), embracing the new school-wide WRITE program, enhancing the art program by working closely with the Enrichment Artists, proving incentives and encouraging students from difficult home lives to attend school daily, and building a collaborative partnership with parents. After reviewing the Schoolwide Action Plan, staff understand that while we celebrate so many good things that are happening at one.Charter; we must always be prepared to challenge ourselves and grow to meet the needs of all our students, parents, and stakeholders.

Staff are encouraged to set personal goals in their teaching, seek to understand first and carry a growth mindset when asked to embrace changes in the program. We continue to look for ways and resources to assist our students and their families. We must be prepared to wear multiple hats as required in alternative education. Teachers must take risks in areas that may be hard for because we know we are asking similarly that of our students. Teacher will learn to analyze, ask questions, and review student data from many sources and be prepared to assist all students with their learning. Staff will need to provide opportunities for students to see the world outside of San Joaquin County (including Quest and field trips). Teachers need to take time to lesson plan and learn Common Core Standards with colleagues. Staff must provide opportunities for our students' voices to be heard, and most importantly; staff will listen to students and their ideas for a shared vision for a successful school journey at the one.Charter program.

Building relationships with students is essential to student success. We try to provide students with opportunities through the arts and credit recovery programs. Earning a high school diploma is at the heart of student goal planning but students also have an innate desire to be social and prosperous. Staff try to build student motivation by seeking out the very best in our students and finding out what makes each student in our program valued and appreciated.

There are many reasons why students come to the one.Charter program but all students hope for the same thing... acceptance, an opportunity to grow and learn, and a chance to earn a high school diploma. The arts are a tool to assist students in bridging their school work, which was often not found for many of our students in a traditional, comprehensive high school setting. We provide students a chance to learn in a smaller classroom setting with teachers who wish to work with the alternative student population. We provide parents with a chance to connect to school through quarterly showcases, Back to School Nights, conferences, and school performances. Online learning gives parents a chance to see what their child is being taught. We encourage parents to ask their children questions and teachers are available through many communication tools to discuss any concerns parents may have with the school, students, or staff.

We can always do better and be better! We are thankful to have the pleasure of working with so many students who not only have a love for the arts but also inspire staff to embrace the challenges that come with 21st century learning. We will continue to evaluate the needs of our program but we listen as a team and make adjustments as a team. We will evaluate the Action Plan, Schoolwide Learner Outcomes, LCAP goals, and Critical Areas of Need at each Region meeting and site level meeting. We are thankful for feedback and appreciate the support of our one.Charter program!

School Description and Mission Statement (School Year 2017-18)

One.Charter Mission: Through rigorous learning and creative opportunities, we inspire students to discover self-confidence and develop their unique potential and purpose.

One.Charter Vision: Students are empowered to transcend their own expectations. Meaningful relationships and a safe learning environment enable students to demonstrate self-discipline and respect as positive contributors to their community. Integrating academics with an enriched creative environment, students appreciate and promote cultural diversity, critical thinking, and collaboration in their pursuit of excellence. Self-confidence and self-expression inspire our students to be innovative citizens and leaders.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School			District
	2015-16	2016-17	2017-18	2017-18
With Full Credential	7	8	11	178
Without Full Credential	3	2	3	55
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

Last updated: 1/18/2018

Teacher Misassignments and Vacant Teacher Positions

Indicator	2015-16	2016-17	2017-18
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	1	1

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

School Facility Conditions and Planned Improvements

1. Description of the safety, cleanliness, and adequacy of the school facility.

one.Charter takes great effort to ensure that all school buildings are clean, safe, and functional. To assist in this effort, one.Charter Schools uses a facility survey instrument developed by the State of California Office of Public School Construction: The FIT Report. Note: Our FIT reports cover only the 8 sites owned and maintained by the one.Charter for San Joaquin County Office of Education. Our 8 sites are rated "good" to "exemplary" overall. FIT Reports are available at the SJCOE website at www.sjcoe.org.

2. Description of any planned or recently completed facility improvements.

Our cleaning services are contracted out to "Bright Ventures." The Director of Student Services works on a continuing basis with Bright Ventures to ensure a regular cleaning schedule. Each facility is cleaned 3-4 times per week.

3. Description of any needed maintenance to ensure good repair.

LEA maintenance staff insists that repairs necessary to keep the school sites in good-working order are completed in a timely manner. A work order process is used to provide efficient service and that emergency repairs are given the highest priority.

A. Deferred Maintenance Projects Completed for 2016-2017

1. CRA North: Pipe repair, repairs to the bathroom and chiller
2. one.Main: Window/slider replacement

4. Projects projected for the 2017-2018 school year include:

- A. one.Main: retrofitting lighting, pavement repair, gutter repair
- B. one. Bianchi: new roofing
- C. All charter sites: resurfacing interior wood doors

There are no modernization or new school construction projects planned or completed for the 2016-2017 school year and there are no projects scheduled or planned for the 2017-2018 school year.

Last updated: 1/22/2018

School Facility Good Repair Status

Year and month of the most recent FIT report: July 2017

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	one. Bianchi: window replacement 6 sites: roof replacement CRA-North: pipe repair, repair the chiller, repair the bathrooms, replace backflow preventer and float valve assembly All sites: replace with new sliders (windows) CRA-North: roof repair one.Charter Elementary: roof repairs
Interior: Interior Surfaces	Good	All sites: prep and paint
Cleanliness: Overall Cleanliness, Pest/Vermin	Good	All sites: Pest inspection done on a scheduled basis with staff

Infestation	Scheduled basis with staff	
Electrical: Electrical	Good	None
Restrooms/Fountains: Restrooms, Sinks/Fountains	Good	CRA-North: Restroom rewire and repair
Safety: Fire Safety, Hazardous Materials	Good	one.Charter Elementary: Fire Alarm replacement, repair, updated to current code (October, 2017)
Structural: Structural Damage, Roofs	Fair	6 sites: roof replacement 2 sites: roof repair
External: Playground/School Grounds, Windows/Doors/Gates/Fences	Good	All sites: New sliders for windows

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts / Literacy (grades 3-8 and 11)	2%	15%	21%	33%	48%	48%
Mathematics (grades 3-8 and 11)	3%	0%	11%	22%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Last updated: 1/6/2018

CAASPP Test Results in ELA by Student Group**Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	57	21	36.84%	15.00%
Male	30		36.67%	20.00%
Female	27	--	37.04%	--
Black or African American	--	--	--	
American Indian or Alaska Native				
Asian	--	--	--	
Filipino	--	--	--	
Hispanic or Latino	26	--	38.46%	--
Native Hawaiian or Pacific Islander				
White	17	--	47.06%	12.50%
Two or More Races	--	--	--	
Socioeconomically Disadvantaged	51	15	29.41%	14.29%
English Learners	--	--	--	
Students with Disabilities	--	--	--	
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Last updated: 12/18/2017

CAASPP Test Results in Mathematics by Student Group**Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	57	20	35.09%	--
Male	30	12	40.00%	--
Female	27	--	29.63%	--
Black or African American	--	--	--	--
American Indian or Alaska Native				
Asian	--	--	--	--
Filipino	--	--	--	--
Hispanic or Latino	26	--	38.46%	--
Native Hawaiian or Pacific Islander				
White	17	--	47.06%	--
Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	51	14	27.45%	--
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Last updated: 12/18/2017

CAASPP Test Results in Science for All Students

Grades Five, Eight and Ten

Subject	Percentage of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	0.0%	21.0%	7.0%	24.0%	56%	54%

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Last updated: 12/18/2017

Career Technical Education Programs (School Year 2016-17)

The San Joaquin County Office of Education desires to provide a comprehensive career technical education (CTE) program in both secondary and post-secondary programs that integrate core academic instruction with technical and occupational instruction in order to increase student achievement, graduation rates, and readiness for postsecondary education and employment. The CTE program shall be designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge- and skills-based economy. The program shall include a rigorous academic component and provide students with a strong experience and understanding of all aspects of an industry.

The San Joaquin County Office of Education's CTE program shall focus on preparing students to enter current or emerging high-skill, high-wage, and/or high-demand occupations. CTE opportunities may be offered through linked learning programs, partnership academies, apprenticeship programs or orientation to apprenticeships, regional occupational centers or programs, tech prep programs, charter schools, small learning communities, or other programs that expose students to career options while preparing them for future careers in a given industry or interest area.

State model curriculum standards for CTE for grades 7-12 integrate the state's academic content standards with industry-specific knowledge and skills in 58 career pathways organized into 15 industry sectors: agriculture and natural resources; arts, media, and entertainment; building trades and construction; education, child development, and family services; energy and utilities; engineering and design; fashion and interior design; finance and business; health science and medical technology; hospitality, tourism, and recreation; information technology; manufacturing and product development; marketing, sales, and service; public services; and transportation. The state's curriculum framework for CTE provides guidance in implementing the state content standards and provides guidance for implementing assessment standards.

All program courses have been developed in cooperation with local business and industry representatives to prepare you with a portfolio of highly marketable skills. You may enroll in an individual course, pursue a Career Certificate Program, and earn Certificates of Achievement for completing the academic and attendance requirements as outlined for particular areas of study.

We want you to be successful in this program. Should you have any questions or concerns, please contact the Enrollment Center at 468-5930.

WHO WE ARE

CTE offers training to students that will prepare them for work. CTE courses provide opportunities to further education, upgrade present job skills, and/or learn new skills.

- There are 74 ROCP/CTE centers in California.
- Education, business, and industry leader's work together to develop job training programs to match employer needs.
- Employer advisory committees assure that there is a strong labor market for skills taught.
- Courses provide meaningful career training and pathway opportunities through relevant training.
- CTE teachers and counselors hold appropriate career preparation credentials from the State and work with Workforce Investment Board and San Joaquin County WorkNet Partnerships.
- Students may earn credits to fulfill high school graduation requirements while acquiring job skills to take their place in the "World of Work".
- Community college credits are also available through most CTE courses.

WHAT WE DO

We provide training for high school students, adults, and out-of-school youth for employment. In addition to formal classroom instruction, CTE works in partnership with local businesses to provide students with internships and on-the-job-training. CTE teachers, counselors and job developers assist students in job placement.

CTE is the most cost effective job training program in the State. At the end of student training, CTE graduates entering the labor force have a significant economic impact on the community. Millions of dollars are returned to the government through taxes that more than offset the training cost.

CTE classes are designed to reflect the real work environment. As in business, training requires students to follow policies and procedures and accept personal responsibility while in class.

- Arrive ON TIME for class with all supplies and equipment required by the instructor.
- Be prepared to work and participate in the class.
- Adhere to all CTE policies, procedures and course expectations.
- Show respect for the authority of the instructor and other people with whom you come in contact while in training. Refrain from any action that might reflect unfavorably upon yourself and/or Career Technical Education.

- Respect the rights of other students and make sure your behavior does not interfere with their right to learn.
- Respect and protect property belonging to CTE, training sites, and other people.
- Keep valuables with you at all time. The CTE program is NOT responsible for theft or damage to personal property.
- Refrain from behaviors listed under the Code of Student Conduct.
- Dress appropriately for the work environment for which you are training (e.g. no tank tops, crop tops, short-shorts, baggy pants).
- Follow all safety regulations to protect yourself and others.
- Return all books and materials at the completion of the course, unless you have purchased them.
- Be responsible for your own transportation to and from school and to and from on-the-job training sites.
- Students must not bring radios, compact disc players and/or stereo equipment to class. Students must not disrupt class or other students with the use of pagers, beepers and cell phones.
- Students are not allowed to bring visitors to class unless pre-approved by the instructor. Visits are allowed for one day. If a longer duration is required, approval must come from the CTE Director.

Effective 21st Century learning skills in the workplace

All work-based and site based learning methodologies including Community Classroom and Cooperative Vocational Education will be utilized when appropriate.

1. Students will understand how personal skill development affects their employability.
 - They will exhibit positive attitudes, self-confidence, honesty, perseverance, self-discipline, and personal hygiene.
 - They will manage time, balance priorities and demonstrate a capacity for lifelong learning.
2. Students will understand key concepts in group dynamics, conflict resolution, and negotiation.
 - They will work cooperatively, share responsibilities, accept supervision, and assume leadership roles.
 - They will demonstrate cooperative working relationships across gender and cultural groups.
3. Students will exhibit critical thinking skills, logical reasoning, and problem solving.
 - They will apply numerical estimation, measurement, and calculation as appropriate.
 - They will recognize problem situations; identify, locate, and organize needed information or data; and propose, evaluate, and select from alternative solutions.
 - Students will understand the principles of effective communication.
 - They will communicate both orally and in writing.
 - They will listen attentively and follow instructions, requesting clarification or additional information as needed.
4. Students will understand occupational safety issues including the avoidance of physical hazards in the work environment.
 - They will operate equipment safely so as not to endanger themselves or others.
 - They will demonstrate proper handling of hazardous materials.
5. Students will understand career paths and strategies for obtaining employment within their chosen fields.
 - They will assume responsibility for professional growth.
 - They will understand and promote the role of their field within a productive society, including the purposes of professional organizations.
6. Students will understand complex inter-relationships of systems.
 - They will understand systems including knowing how social, organizational, and technological systems work and operate effectively with them.
 - They will monitor and correct performance including distinguishing trends; predicting impact on system operations; and, diagnosing systems' performance and correcting malfunctions.
 - They will improve or design systems including suggesting modifications to existing systems and developing new or alternative systems to improve performance.
7. Students will understand all aspects of the industry including management and finance, required technical and production skills; underlying principles of technology, labor, community, health, and environmental issues.

ATTENDANCE

Daily attendance and promptness are absolutely essential at CTE to maintain enrollment and develop work habits that lead to successful employment. All students are to be in class EACH DAY and ON TIME. It is the student's responsibility to notify their instructor before class begins if they will be absent.

- In the event of an illness, students must telephone their instructor before their scheduled start time on each day of absence.
- Please schedule personal and medical appointments outside of class time.
- Where a planned absence is required; students must notify the instructor at least one school day in advance.
- Students under 18 may not leave the building prior to the end of class without advance, written parental/guardian permission.
- Excessive absence or tardiness may result in the student being placed on probation or withdrawn from the program.
- Students are considered tardy if they are not in the classroom at the regularly scheduled start time. A record of tardiness and absences will be kept by the instructor.
- Students who are consistently tardy and/or absent will be referred to the CTE counselor and may be withdrawn.
- Students are responsible for making arrangements with their instructors for make-up work and missed class time. Absences can affect the number of high school credits granted.

CURRICULUM

The San Joaquin County Office of Education Career Technical Education Program uses a curriculum that will enable the CTE teacher to provide the kind of learning experiences and opportunities for the student to achieve his/her educational objectives. Career Preparation Standard Integrated Lessons, assignments, and projects are centered on business related themes which bring real world application to the learning experience.

Students have opportunities to individualize their instruction. Expectations are modified based on the abilities of each student. Teachers and students may conference with one another to determine what content areas they will emphasize in the work they do based upon their needs. However, final determination of specific content areas rest with the teacher and is based on evidence of student progress.

DRESS CODE

You have enrolled in a program that will prepare you for your future career. Appropriate attire is required for all programs. Your instructor will give you specific dress requirements.

INSTRUCTIONAL STAFF

We are very proud of our instructional staff. Teachers are selected on the basis of business and industry experience in their field, as well as their academic education and teaching ability. They are also hired for their ability to care for and work with the diverse student population found within Career Technical Education. All of our teachers have the appropriate credentials as required by the state of California.

INTERNSHIPS

On-the-job training is one of the teaching methods used in many CTE programs. CTE maintains written agreements with local businesses to provide supervised, non-paid internship training (Community Classroom) at actual work sites. Some programs offer paid internships (Cooperative Technical Education) arranged between individual students, industry work sites and CTE instructors. To be eligible for either type of internship, students must have successfully completed the required course work and skill development, have their instructor's recommendation, attend related classroom instruction at least once a week during the internship, and be able to provide their own transportation to and from the training site.

STUDENT SERVICES

General Counseling: A CTE counselor is available to discuss your educational, career, and personal plan to help you make meaningful career choices. The counselor can also help you determine what other resources are available in the county. If you want assistance in deciding which CTE course is appropriate for you, the CTE counselor can help you make an appropriate choice. The counselor is available at walk-in registration, orientations, and during the school year.

Placement Assistance: Job finding skills incorporate employment, employability, and employment application skill training into each CTE Training program.

CAREER TECHNICAL EDUCATION – INDUSTRY SECTORS

Agriculture & Natural Resources

Arts, Media & Entertainment

Building & Construction Trades

Business & Finance

Hospitality, Tourism, & Recreation

Information & Communication Technologies

Manufacturing & Product Development

Marketing, Sales & Services

Education, Child Development, & Family Services

Public Services

Energy, Environment, & Utilities

Fashion & Interior Design

Health Science & Medical Technology

Transportation

The state's curriculum framework for CTE provides guidance in implementing the state content standards and provides guidance for implementing assessment standards.

CAREER TECHNICAL EDUCATION – credit policy

180 Hour Course (50 - 60 minutes daily) Monday – Friday

- 2.5 Credits/Quarter

- 5 Credits/Semester

360 Hour Course (Block Periods ranging from 100 -120 minutes)

- 5 Credits/Quarter

- 10 Credits/Semester

2 year Capstone Course

- 2.5 Credits/Quarter

- 5 Credits/Semester

Stand-Alone CTE Programs and Courses

Duration, frequency, and requirements will be provided through course syllabus at enrollment. Varies by Program

Students that enroll late (3 weeks after start date) or leave prior to completion

- Depends on course. 15 Hours = 1 Credit

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure**Percent**

2016-17 Pupils Enrolled in Courses Required for UC/CSU Admission	0.0%
2015-16 Graduates Who Completed All Courses Required for UC/CSU Admission	0.0%

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

The relationship with our parents, students, staff and outside agencies is essential to the success and achievement of our students. This year, we asked that parents participate in a survey that included questions about the school culture, relationships with staff and administration, safety, communication about events, availability and knowledge of resources in our community, and concerns parents may wish to share with us. The survey was provided to parents through email, on the SJCOE website, and a Chrome Book with the survey was given to the parents during parent/teacher/student conferences. The results of this survey have been reviewed in our LCAP and drive our WASC meeting discussions with staff. Based on the survey information, one.Charter Academy of Visual and Performing Arts is doing well communicating with families and providing opportunities for parents and students to have a voice in their student's education.

Particularly positive was feedback regarding parents/guardians and students feeling that their involvement in their or their student's education was valued with an 88% return of strongly agreeing or agreeing with this statement. Also, 85% of parents/guardians and students felt that they or their student's teacher(s) ask to meet at least once a year in a face to face meeting regarding how they or their student is doing in school. It should be noted that the one.Charter Academy, parents/guardians are invited to come visit the teacher at the end of every quarter in a parent/teacher/student conference. This provides three separate conferences for parents/guardians and students to meet with the teacher(s) throughout the year.

Areas worthy of further exploration may include making sure that translation services are something all families are aware of if needed with 40% answering the question in a neutral or "I don't know" response. Another area of review may be providing all families with information regarding resources in the community. 33% of families answered the question that they did not know, were neutral or strongly disagreed with resources being provided. It's important to listen to parents and students. Their feedback is essential for a successful program.

Parent/teacher/student conferences

one.Charter schools have quarterly parent/teacher/student conferences to review progress and discuss the students' goals for the year. Parents may also meet as needed with teachers by appointment. Teachers are also available by email, phone, or for larger SST meetings that include additional staff.

LCAP Process

All parents and students are given notice of the LCAP Stakeholder meetings through email, phone message, and teacher communication with students. Some teachers also include this information on their website. SJCOE places the dates and times on their website as well. Because of the majority of our students are young adults, we ask that they take an active role with LCAP if they are interested. There are four one.Charter LCAP meetings held during the school year, which describes the LCAP process and allow for parent engagement. one.Charter seeks as much input from parents and students as possible as we move the program forward each year.

Connect Ed

Each school site as well as the entire one.Charter program sends out phone message to all students and parents regarding program updates.

Facebook

We are using social media to send information to all potential students for the Come Back Kids program. We estimated that our "Facebook Blast" reached approximately 5000 potential students who match particular criteria.

Illuminate

The one.Charter program uses the student educational system to document and upload live grade books that can be shared throughout school sites and County wide. Illuminate is also used for data and assessment collection. Staff have been trying to fully use the Illuminate data tools to assist teachers, students, and parents with trends, grades, and updates.

Websites

Staff have individual websites for their classes so that students can continue with their studies even if they are absent. one.Charter also has their own website on the SJCOE page. Student Services, LCAP, SARC, Student Handbook, and important parent engagement dates can be found on the websites.

We provide parents with a chance to connect to school through quarterly showcases, Back to School Nights, conferences, and school performances. Online learning gives parents a chance to see what their child is being taught. We encourage parents to ask their children questions and teachers are available through many communication tools to discuss any concerns parents may have with the school, students, or staff. Summary

State Priority: Pupil Engagement

Last updated: 1/18/2018

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Completion of High School Graduation Requirements - Graduating Class of 2016**(One-Year Rate)**

Student Group	School	District	State
All Students	39.1%	51.9%	87.1%
Black or African American	35.7%	39.7%	79.2%
American Indian or Alaska Native	0.0%	100.0%	80.2%
Asian	42.9%	43.5%	94.4%

School Safety Plan (School Year 2017-18)

All COSP school sites have a comprehensive school safety plan in accordance with the Safe Schools policy, which includes a specific emergency operations plan. In compliance with SB 187, the plan is reviewed and revised annually for each school site. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing Incident Command System (ICS). Each document is prepared for the use of employees at a specific school site in the event of an emergency, disaster, or crisis situation.

At the beginning of each school year, COSP school site staff update their site specific Emergency Plan. The site specific Emergency plan includes the site safety plan, San Joaquin County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority, EMSA emergency first aid guidelines of California Schools. Schools are issued first aid kits and "grab and go" emergency packs in the event of an evacuation. The school nurse collaborates with parents/guardians of students with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plan, ISHP. A copy of the Emergency Plan binder is housed at the school site and the COSP Director's office and is available for parent/guardian review. COSP also collaborates with community agencies that focus on violence prevention and who provide direct services to students/families; i.e. mental health clinicians, Child Abuse Prevention Council, Fathers, Families, Peacekeepers.

ALICE (Alert, Lockdown, Inform, Counter, and Evacuate) update professional development was provided for all Administrative, Support and Teaching staff at the beginning of the 2016-2017 school year. . Annual professional development is offered in managing assaultive behavior, mental health first aid and classroom management skill building.

Also at the beginning of the school year the school counselors distributes a crisis file and provides on-line resources for teaching and support staff. County Operated Schools and Programs staff resources include:

? Directions to follow in case of an emergency, crisis or injury, lockdown, or active shooter(s) or dangerous person(s) on or near campus ? COSP Emergency Hotline phone number ? A bomb threat checklist ? Listing of emergency phone numbers ? Tips for de-escalating a conflict ? Suicide intervention information, suicide hotline and San Joaquin County Mental Health contact information ? Resource numbers (Runaway hotline, shelter and "safe house" contact numbers, Public Health immunization and HIV/AIDS information) ? Child abuse prevention information

? CPS reporting form ? State laws pertaining to unlawful conduct and sexual intercourse with a minor ? Smoking cessation resource list ? Community Resources In order to promote safety and mitigate negative interactions, students participate in bullying prevention, life skills and positive relationship building activities though out the school year. During the 2017-2018 school year the one. school staff, students and parents are receiving suicide prevention resources in accordance with AB2246.

Types of Services Funded (Fiscal Year 2016-17)

1. What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?

For the 2017-18 school year, one of the primary focuses for teacher professional development is the implementation of the WRITE approach to improve student literacy, reading, and writing skills. This decision was made based on a review of student CAASPP and Accucess data that indicates that the majority of students are not meeting standards and are below grade-level in both reading and writing. The WRITE curriculum is an approach that uses strategies appropriate for both English Learners and English-speaking students, and emphasizes literacy across all content areas.

Another area of focus is the continued implementation of Positive Behavioral Interventions and Supports (PBIS), Restorative Practices and Trauma-Informed Care. A goal of the program is to improve suspension and attendance rates, as well as relationships with families and the community, and data from these areas was analyzed before making the decision to implement these approaches. PBIS and Restorative Practices are proven methods that help build positive relationships and improve student behavior.

2. What are the methods by which professional development is delivered (e.g. after school workshops, conference attendance, individual mentoring, etc.)?

Teachers, administrators, and other staff receive professional development in a variety of ways, including, after-school workshops, conference attendance, training attendance, coaching, and individual mentoring. The majority of the professional development is delivered through after-school workshops and conference/training attendance.

3. How are the teachers supported during implementation (e.g. through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

During and beyond the implementation of new approaches and curriculum, teachers receive support through region meetings and teacher-principal meetings. Monthly region meeting agendas include the review of student work, as well as collaboration time for teachers to discuss the on-going implementation process. Teacher-principal meetings include collaboration time and feedback about the strategies and approaches being used in the classroom. Some teachers also receive in-class coaching provided by a WRITE and/or PBIS/Restorative Practice/Trauma-informed Care coach.

The comprehensive professional development plan was developed based on teacher feedback, state changes in curriculum, student achievement data and a teacher/staff needs-assessment. During the 2017-18 school year, San Joaquin County devoted the following time for professional development:

Program-specific professional development workshops, programs, and academies:

Name Attendees

5 Collaboration and Planning Workshops (supporting teachers with the implementation of WRITE. State standard training is included.) Teachers
Administrators

7 Regional Meetings (Data, program issues, and site concerns are identified and discussed.) Teachers
Administrators

Program-wide writing assessment scoring (teachers spend two days/twice a year calibrating on a modified CAASPP rubric and scoring student pre/post essays.)
Teacher participation in textbook adoptions, which includes review, pilot, and subsequent program alignment training to ensure effectiveness of implementation
Teachers
Administrators

New Teacher Academy (meets six times a year to provide immediate assistance and support for new teachers. Teachers observe other classrooms on a regular basis). New Teachers

New Teacher Mentor program (new teachers not in a teaching program are matched with qualified veteran teachers. The mentors and the teachers meet at least 30 minutes per week). New teachers/veteran teachers

Leadership Academy that focuses on the Five Dimensions of Teaching and Learning Framework with the objective to develop consistent leadership practices among administrators, as well as a critical understanding of pedagogy. Administrators

Various workshops attended by teachers, staff, and administrators that include:

- 4-day series Weaving Research-Based Practices (Growth Mindset, Depth of Knowledge, Formative Assessments, and PBL)
- 3-day ELD Institute
- 1-day Digital Library workshop
- 3-day series Curriculum breakfasts (Restorative Practices, Mindset, Universal Design)
- 1-day ELPAC Academy
- 3-day series Mission Possible: The California Way
- 1-day Functional behavior assessment
- 1-day Mindset Deeper Dive
- 1-day Counselor's Summit

Various conferences attended by teachers, staff, and administrators that include:

- 1-day SJCOE Tech Summit
- EdLaw Tech conference
- 1-day Restorative Practices
- 2-day Annual PBIS conference
- 2-day WRITE Institute

- 3-day Safe and Civil Schools State Conference
- 3-day IIRP Conference
- 3-day National Dropout prevention conference
- 2-day Fred Jones: Classroom management
- 1-day EdLaw Conference
- 3-day CCIS
- 2-day Illuminate National User Conference
- 3-day Learning and the Brain
- 2-day California Student mental wellness conference

Various Trainings attended by teachers, staff, and administrators that include:

- 1-day Houghton Mifflin Integrated Math 1 training
- 1-day Benchmark Advance curriculum training
- 1-day Thematic curriculum training
- 1-day PLATO Courseware training
- 1-day Accuaccess training
- 1-day Exact path training
- 1-day ELPAC training
- 1-day CAASPP training
